CLUB MEMBERS HEAR VETERAN

Progressives to Organize Baseball Team and Issue Challenges

Members of the Progressive club of Ogdenville today listened to the odd story of Haywood Thompson, a former United States marine, who received wounds during the world war which affected his brain causing amnesia, or lapse of memory for months. Finally recovering his memory and identity after months of wandering, he now claims to possess a faculty of exerting his subconscious mind through the conscious will which permits him to perform many phenomenal feats.

The former marine exhibited a large scar upon his forehead which he says is responsible for his peculiar mental condition. Scores of noted psychologists have examined him, he asserts, including Thomas A. Edison, and have been unable to diagnose his case.

The Rev. Godfrey Matthews, who leaves this evening for San Francisco, was scheduled to speak today but did not appear. His absence was due to moving, according to the Rev. J. W. Hyslop, who explained his failure to appear.

The Progressives thanked Gus Wright, A. T. Wright and Paul Wright for the good time they had at the Wright home in Ogdenville Sunday. They decided to form a baseball team and elected Bryan L. Wright to captain it. He was instructed to get his players together to arrange games with other luncheon clubs. A. T. Wright offered the use of his canyon home grounds at any time.

Andrew K. Bidwell, a new Progressive member, was voted in. Walter Stephens, bass soloist, pleased the members with a selection.

The guests at the luncheon were W. W. Blake and Frank Clark.

PACKERS WIN OVER MILLERS

The Ogdenville Packers of the Commercial league defeated the Globe Mills team in a league contest at Lorin Farr park last night, 14 to 2.

Perry worked on the slab for the winners and allowed but two hits.

WOULD HAVE DEBT PAY DEBT

British Announce Policy Relative to Reparation Question

LONDON, Aug. 1.—(By the Associated Press)—The British government cannot treat the repayment of the Anglo-American loan as if it were an isolated incident in which only the United States and Great Britain had any concern, says a note addressed today by the Earl of Balfour, acting foreign secretary, to France, Italy, Jugoslavia, Rumania, Portugal and Greece.

The policy favored by his majesty the note states, is that of surrendering Great Britain's share of Germany's reparations and writing off through one great transaction, the whole body of inter-allied indebtedness.

Declaring that it is regretfully restrained to ask the French government to make arrangements for dealing with the debt of ability with the Anglo-French loans the British government says it desires to explain that the amount of interest and repayment for which it asks, depends less on what France and the other allies owe Great Britain than what Great Britain has to pay to the United States.

This transaction, continues the note, is but one of a connected series in which Great Britain appears sometimes as a debtor and sometimes as a creditor. If it says, Great Britain's undoubted obligations as a debtor are to be enforced, her no less undoubted rights as a creditor cannot be left wholly in abeyance.

ON WAY TO BURIAL PRISONER ESCAPES

FRANKFORT, Ky., Aug. 1.—While E. Miller, under two years' sentence in the state reformatory for forgery, was returning under guard today from his home in Pulaski county, where he had gone to attend the funeral of his infant child, he escaped from a moving train near Danville.

Persession was granted Miller to attend his child's funeral, but he said the guard arrived too late. While returning today Miller obtained permission to get a drink of water. He has not been seen since the incident.

The standing offer of \$100 for the capture of an escaped convict, the Mutual Welfare league, a prisoners' organization, at the reformatory, posted a reward of \$100. His expenses were paid by this organization.

TO TAKE PICTURES OF RAIL STRIKERS

ROSEVILLE, Calif., Aug. 1.—"They are going to shoot us from the top of the roundhouse," said one of the strikers among the striking railroad shopmen here recently as a machine dimly seen, was being set up on the top of a Southern Pacific building. It had a crank and three barrels and someone in the yards was heard to say, "It would shoot."

As a result there was a scurry to cover when an operator appeared by the side of the "machine gun." Today it was discovered the "machine gun" is a three barreled camera, devised to take long distance motion pictures and the object is to "shoot" pictures of the strikers and pickets as they walk about the outside of the railroad company. Company officials said their purpose in taking the pictures.

ALASKA TRAPPERS HAVE GOOD YEAR

TACOMA, Wash., Aug. 1.—Alaska trappers, whose catches have been on sale at auction here for the past few days, will receive nearly \$150,000 for their furs. The wholesale house acting as agent for the trappers, said the sale was the most successful ever held here, buyers from all over the United States and Canada being represented. Beaver and marten hides comprised the largest portion of the sale, there were also a few muskrat, lynx, mink, otter, ermine and bear pelts that drew good prices. The furs were mostly taken north of the Arctic circle during the past year.

ARREST BAKER ON POISONING CHARGE

NEW YORK, Aug. 1.—Arsenic mysteriously placed in a batch of pie dough was responsible for death today of three persons and the illness of more than 100 who partook of the poisoned pastry in a Broadway restaurant Monday, the medical examiner's office announced after an investigation. Charles Abramson, a baker recently employed by the restaurant manager was held as a material witness, but District Attorney Hanton announced Abramson "apparently comes out clean" of any suspicion that he was responsible for the poisoning.

TEXAS TOWN PRAYS THAT STRIKES END

DENISON, Texas, Aug. 1.—Denison prayed this morning that the nationwide strike of railroad shopmen would end.

Every business house in the city was closed from 9 to 10 o'clock while business men and strikers, their sympathizers and families, crowded into the city's church and where with heads bowed they invoked "the wisdom of divine Providence to guide the railroads and men to peace."

HEAD HUNTERS FEEL SKULLS AID CROPS

RANGOON, August 1.—Ralph E. Henderson, a Harvard graduate, who has spent the past eight months traveling in southern Asia, has just completed a trip through the British "unadministered territory" of northeastern Burma and into the Chinese province of Yunnan, neither of which have been thoroughly explored by white men.

Among the wild tribes encountered on this trip were the head-hunting Wao. Hitherto little has been definitely known concerning the life and customs of this tribe, as most of those who intruded upon Wao territory failed to return. The Wao do not hunt heads primarily from cannibalistic motives, but rather because of their belief that their crops will fall unless some fresh human skulls are imported every year. Under this impression they organize head-hunting expeditions every spring, and it is small consolation to the unfortunate traveler who falls into their hands that it is only his skull that is wanted.

CASEY'S FACE HOT SESSION

Supreme Knight Flaherty Denies Fund Charge at Convention

ATLANTIC CITY, N. J., August 1.—Supreme Knight James A. Flaherty in his opening address at the 40th annual convention of the Knights of Columbus today denied that a single cent of the war fund of the Knights of Columbus was being used in the order or in its Italian welfare work.

"I condemn most emphatically," he said, "the vicious and insidious propaganda which alleges that the war fund of the Knights of Columbus is being put to use in the historical and Italian welfare work of the organization. Not one penny of the Knights of Columbus war fund has been devoted to these or any other movements not directly related to the welfare of the American service man."

ALL STATES REPRESENTED.—Delegates representing 800,000 members of the order from every state in the union and the provinces of Canada as well as Mexico, Cuba, the Philippines, Hawaii, Alaska, Panama and Porto Rico are in attendance.

Mr. Flaherty in his review and prospectus of the annual program of the order placed the Knights of Columbus American history movement as the most effective of the many peace time patriotic works undertaken by the knights.

He reported that the Knights of Columbus program to expend the \$7,000,000 balance of its war fund on educational and hospitalization work had progressed to such an extent that the knights during the past 12 months rendered service in 362 hospitals to more than 25,000 men; that they had graduated 70,000 from their evening schools, provided 35,000 free for their new national correspondence school at New Haven and paid the way of 500 veterans in 40 colleges for another year. The colleges include such institutions as Yale, Georgetown and Notre Dame, he said.

WARM EIGHT BEGUN.—He stated that Pope Pius XI had reaffirmed the request of the late Pope Benedict that the knights maintain welfare work in Rome. The supreme council, he said, had voted \$1,000,000 to do this. Special messages from the pope to the convention will be delivered by Edward L. Flaherty, grand knight of Massachusetts in connection with the Pelletier case. Eleven resolutions will be offered to the convention demanding that the order repudiate the utterances of the supreme knight.

GATHER TO OPPOSE GENERAL STRIKE

ROME, Aug. 1.—(By the Associated Press)—The "always ready" brother organization to the knights has ordered the mobilization of its legionaries, numbering 100,000 to oppose the general strike called for today. This unit urges all the nationalists in the legion to nullify the strike which is in protest against the recent repression of the Fascist against the Socialists. The government is preparing in every way to maintain order and insure railroad communication, should it reduced. The order is expected to affect the newspapers. Fascist have publicly announced that the government puts an end to the strike within 48 hours they themselves will stop it.

MONTGOMERY WARD'S PROFITS GREATER

CHICAGO, Aug. 1.—Montgomery Ward and company after operating at a deficit for the last two years—\$9,887,000 loss in 1921 and \$7,855,000 loss in 1920—is again earning a profit, according to a statement issued to stockholders by President Theodore F. Meersale. The statement says the company made a net profit of \$1,241,117 in the first six months of 1922. The number of orders received increased 33.02 per cent, and the total was the largest for the first six months of any year in the history of the company.

Austria's state railways are operated at a deficit of \$2,000,000,000 a year.

Cleveland has 110 charitable institutions supported by a common community fund.

STEAMER RAMS SPRINTS TWO BOAT IN FOG SPRINTS TWO MILES IN NUDE

Panic Follows Crash In Which 15 Passengers Are Injured

NEW YORK, Aug. 1.—The excursion boat Grand Republic, crowded with 1,000 passengers, mostly children, rammed the Erie ferry boat Chautauqua, also crowded to the gunwales with passengers, in a heavy fog in the Hudson river today. Fifteen persons, passengers on the Grand Republic, bound for Bar Mount, were hurt in a panic which followed the crash.

Two women and a boy were hurled into the river from the top deck of the excursion ship. They were rescued. Another woman with a baby in her arms, was thrown from the boat's deck to the deck of the ferry.

Both captains blamed the fog for the crash. The excursion boat's prow cut deep into the glassed side of the ferry. The Grand Republic's bow was smashed and twisted and from it came shouts and screams as women and children fought to get away from the peril.

So fierce was the impact of the collision that scores of men, women and children were bruised as chairs crashed to bits.

FREE STATERS NOW READY TO ATTACK

DUBLIN, Aug. 1.—(By the Associated Press)—It is now definitely established that the satisfaction of officials here that Eamon de Valera, the Republican leader is making his headquarters at Connel, he is often seen moving about town in an automobile. He is in uniform, but tries to conceal his identity by pulling his cap down well over his eyes.

The Irish nationalist army, according to indications here, is ready now for an attack upon the irregulars, along the whole front.

The fall of Tipperary, which was captured by the nationalist forces Sunday, disposes of an awkward salient and is expected to enable the Free State forces to advance on Cashel, thus paving the way to further advances on Clonmel, reputedly irregular stronghold.

The insurgent forces have been setting fire to various buildings in Kilmallock just to the south of Limerick, which is thought to indicate they are preparing to evacuate the town.

Accepts 'Lift' and Moonshine Liquor; Total Cost Is \$70

POCATELLO, Idaho, Aug. 1.—Fred Johnson is \$70 shy from having accepted a "lift" by two men in an auto Monday night. He was walking to the Oregon Short Line tie plant and a car stopped and offered him a ride. A bottle of moonshine was produced, several drinks taken and Johnson was relieved of his watch and the money and dumped out of the car. Police have a good description of the auto and occupants.

MOB SHOTS NEGRO WHO KILLS DEPUTY

MACON, Ga., Aug. 31.—John Glover, a negro, alleged slayer of Walter C. Byrd, a deputy sheriff and a negro, was taken today by a mob of 300 men from officers bringing him here for safe keeping and shot to death.
